### ***REASONS FOR ALLOWANCE***

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed on 9/14/06 overcomes the technical deficiencies and the prior art rejection. Claims 1-2 and 6-7 are allowed because the prior art of record fails to suggest "an error amplifier for amplifying an error voltage between said reference voltage and an output voltage from said output of said voltage divider, having an input connected to said first source terminal, an input connected to said second source terminal, an input connected to said reference voltage output, an input connected to said output of said voltage divider, and an output connected to said second input of said voltage-current generator, wherein said error amplifier comprises an input part, a load part, a noise suppression part, and a phase compensation capacitor, wherein said input part comprises a pair of first type semiconductor elements, wherein said load part comprises a pair of second type semiconductor elements, and wherein said noise suppression part (i) is disposed between said input part and said load part, (ii) has an input connected to said first source terminal, and (iii) comprises a pair of the first type semiconductor elements of different dimension in length or width" as combined in claims 1 and 6.

### ***CONCLUSION***

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).
